Dates to Remember

April 8: Artist of the Month

Reception 4-7pm

Maria Flumiani, Charlene Martin, Judy Vivian

Maria Flumiani: I am a native born Brooklyn, NYer, now living in Northern California. I've always enjoyed a love and enthusiasm for photography, admiring the talent of those who could express a moving story with just one photo.

I am an amateur photographer, pursuing my craft over the last 11 years, consistently learning new techniques through journeying and educational workshops. California has offered me an amazing opportunity to explore and pursue my photography with its palette of beauty, variety of climates, and natural magnificence.

In traveling abroad, I've expanded my photographic world to include the picturesque, exquisite splendor of the central, northern and southern regions of Italy, Spain, France, and The Netherlands. I received 1st Place in Photography at SAL's 2013 Juried Show.

Charlene Martin: I enjoy photographing forgotten and overlooked places and subjects. I also love portraiture of people and pets.

I have spent the last couple of years exploring digital photography as an art medium. I am working with digital and alternative photographic processes to exercise my creativity. After working in the technology field for many years, I enjoy using that technical expertise in more creative and personally fulfilling ways. I love learning and sharing new ideas and techniques with others.

Judy Vivian: I am a professional Portrait Photographer. My photography career started in 1988, with a degree from NYI of Photography. I Studied under photographers with the California Professional Photographers Assn., in addition to hands-on week long Art Programs with Kathleen Carr, Joyce Wilson and other professionals.

Having moved to Stockton, I have a home studio named Visions of Light Photography. I enjoy many aspects of Photography, including portraiture, landscapes, closeups, photo art, digital enhancement, and workshops to enhance my photographic career. I recently won two awards at the Lathrop Mayor's Awards Art Contest in 2016.

April 13: Demo artist, 3-5 pm

Raoul Mora

SAL offers opportunities for artists to reach their goal by implementing a drawing class under the superior direction of long-time art instructor Raoul Mora and supplying a beautiful gallery for the members to show their work. Raoul Mora who demonstrates new techniques, gives personal assistance, as needed and offers very useful critiques on the work that is being done as well as work that the artist has done at home and brought in for this purpose. There is no charge for this session although we do have a small optional raffle at this meeting.

For those in the drawing class who wish to practice what they have learned under Raoul in a group for continued practice every Tues. from 1-4pm. This group provides friendship among artists and offers a disciplined time for artists to improved their skills who would not otherwise find the time. Raoul is not in attendance for these sessions.
